Student Accident Coverage

The Kuemper Catholic School system does not offer or provide student accident insurance, nor is insurance required if a student does not participate in athletics. The following are guidelines for insurance coverage: 1.) Athletes will need proof of insurance before he/ she can participate. Proof of health and accident insurance can be provided on the Health and Injury Information Card. 2.) If there is no family policy to cover the student, there are two options: a.) Students who qualify based on need can purchase Hawk-I health care. More information on Hawk-I can be obtained at www.hawk-i.org b.) Short term medical and accident insurance can be purchased from a private insurance agent.

Asbestos Management Plan

An asbestos Management Plan for Kuemper Catholic School System is available for review in the administrative office of each school building. This management plan is required under the federal "Asbestos Hazard Emergency Response Act" (AHERA) codified in 40CFR Part 763.

Corporal Punishment, Restraint, and Physical Confinement and Detention

State law forbids school employees from using corporal punishment against any student. School employees may use "reasonable and necessary force, not designed or intended to cause pain" to do certain things, such as prevent harm to persons or property. State law also places limits on school employees' abilities to restrain or confine or detain any student. The law limits who, how, where, and for how long a school employee may restrain or confine and detain a child. If a child is restrained or confined and detained, the school must maintain documentation and must provide certain types of notice to the child's parents. The complete text of the law and additional information is available on the Iowa Department of Education's website: www.educateiowa.gov.

Family Education Rights and Privacy Acts Policy

Kuemper Catholic School System will appropriately disclose student information that is not considered harmful or an invasion of privacy.
